This is a concept where very know people in the community and internationally, will come together in a conference stimulating social media.

With this, we would like to propose, your prestigious company to participate in this wonderful event where our influencers/celebrities will unite and promote Facebook, Instagram, Twitter and of course your company.

Influencers /Celebrities that has presented in Aruba, Bonaire and Curacao are very interested in the event where they will receive the attention and take pictures to promote on their social media. We will highlight a few influencers/celebrities with over 10.000 followers on Instagram.

Our organization is working hard to crystalize the first event where we will also highlight some mayor sponsor. For sure, you will receive a great exposure.

Influencers / Celebrities will be artists, sporters, TV presenters, Radio, Instagram models and many more.

The arrival of the celebrities and influencer will be filmed to promote abroad. Well, it can be followed on Instagram: **@celebritiesabc**

This project we are going to promote international.

What our organization will give:

- The name of the company will be exposed in talk shows;
- Promo materials, which the celebrities /influencer themselves will make and post on their social media;
- On screen exposure during the event;

We will do our best to make this happen and give the company a chance to shine, because it is not something we see every day.

It will be an honor to make this event a reality. Aruba can be proud of an organization that is putting all of their Celebrities/Influencers in the spotlight. The whole world knows our islands and appreciate very much what our people are doing.
